THE PROCESS

The Craft Behind Every Bite

From the first melt to the final wrap, everything happens in small, careful steps.

Real Chocolate, Nothing Less

We build every recipe around real chocolate, so the flavour stays deep and rounded rather than simply sweet.

- ✓ Premium ingredients
- ✓ No artificial flavours
- ✓ Rich, deep cocoa

Fillings That Actually Melt

Nutella Melt and Peanut Melt are filled by hand, so every piece pulls a clean ribbon of spread instead of a thin smear.

- ✓ Roasted hazelnuts
- ✓ Creamy peanut butter
- ✓ Generously filled centres

Handmade, Batch by Batch

Small batches let us control every detail — from the fudgy centre to the glossy, crackled top.

- ✓ Mixed and baked by hand
- ✓ Checked piece by piece
- ✓ Packed fresh for your date

OUR STORY

Small Batches, Serious Chocolate

Meltora began with one simple obsession: a brownie that melts the moment it touches your tongue. Every batch is still baked by hand in small quantities, using real chocolate, real butter, roasted hazelnuts and generous fillings — never shortcuts, never mass production.

Each brownie weighs 75 g and is baked fresh for your pre-order, then packed in a kraft gift box. Four fillings — Choco Melt, Double Choco Melt, Peanut Melt and Nutella Melt — and one idea behind all of them: made to melt.

You can taste the real chocolate and butter. Nothing like supermarket brownies — the Nutella Melt is unreal.
